MILLIONS OF ZLOTYS FOR CONSTRUCTION

CONSTRUCTION STRESSED SIX-YEAR PLAN -- Zycie Warszawy, 6 May 49

Over 60 percent of all capital formation envisaged in the new six-year plan will consist of construction. During this period, construction will increase threefold.

The Office of the Ministry of Construction has been created to replace the Office of the Ministry of Reconstruction. This marks the end of the first phase of the reconstruction period. While greater freedom in investment planning will be restored to individual enterprises, such planning will be coordinated by the State Economic Planning Commission. Construction enterprises, hitherto scattered, will be centralized under the Ministry of Construction.

2 BILLION ZLOTYS FOR KRAKOW CONSTRUCTION -- Rzeczpospolita, No 141, 24 May 49

Over 2,251,000,000 slotys have been allotted to Krakow Wojewodztwo for construction work during 1949 in accordance with the investment plan. The largest amount sill be used for construction of workers' houses. During 1949, 59 new dwellings, sosting 839 million zlotys, will be built. Construction of buildings for educational purposes follows next. A credit of 672 million slotys was allowed for this purpose.

900 MILLION ZIOTYS FOR RECOMPTRUCTION IN DOLMY SLASK -- Recepospolita, No 158, 21 May 49

Important investments, amounting to 900 million zlotys, will be made in the cities and villages of Dolny Slask.

One hundred fifty-nine million zlotys have been allotted for rural construction, which will include the rebuilding of about 1,000 farmateads, with special attention directed to powiate with settlement possibilities.

RZESZOW TO BE DEWELOPED -- Baccapospolite, Ho 140, 23 May 49

According to the plan for the development of Rzeszow, the construction of 30 large buildings will be started this year. The construction companies will also erect housing units for their workers. Large credit; have been allotted for this purpose. The local administration has received 70 million zlotys for the construction of dwellings for its employees.

Materials for the construction of the large office buildings are already being delivered. It is estimated that the population of Rzeszow will increase to 100,000 in the near future.

POWER-PLANT BUILDING COMPLETED -- T.ybuna Ludu, No 115, 29 Apr 49

In honor of May Day, the PPB Beton-Stal (Panstwowe Przedsiebiorstwo Budowlane, State Construction Enterprise) reported on 27 April 1949 the completion of a building which will house an electric power plant for operating the escalator at the west exit of the tunnel on the W-Z Route. Twelve weeks' work was done in 5 weeks.
